Attack on HAWK Battery

The 13 May 1967 Viet Cong attack on a U.S. Marine HAWK anti-aircraft missile battery near Danang was reported by the National Military Command Center and included in the NMCC's 14 May SitRep for the President. This item does not seem to have been picked up in our published disseminations but it was made available in Washington shortly after the incident.

George A. Carver, Jr.
Special Assistant for Vietnamese Affairs
